Mr. Wright:

Donald D. Stillwell
County Manager

James G. Yaeger
County Attorney

Diana M. Parker
County Hearing Examiner

I would like to thank you for the excellent service and dedication that was provided to us immediately after hurricane Wilma. Please thank the rest of your staff for a job well done.

Lee County Facilities Management was very fortunate to have Mr. Bill Moody and the rest of your dedicated staff available when hurricane winds forced a large amount of water down six stories of the Lee County Justice Center. Your equipment and staff were quickly in place to dry out our office equipment and walls. We were able to greatly minimize any potential mold concerns.

The Commissioner's meeting room in the Old Courthouse was also affected by roof damage and water intrusion from the hurricane. Collectively, County and Servicemaster staff worked past midnight to set up the drying equipment, which in turn avoided permanent damage to the flooring.

I look forward to working with your company next hurricane season.

Sincerely,

Michael Casanova
